## CHAIRMAN'S REPORT

### GROUP DEVELOPMENTS

In our 27<sup>th</sup> year in operation, we continue to rely on core funding and some smaller grants and donations from various individuals and organisations, these funds have allowed us to continue to employ the advocacy workers (2) and the Development officer for the group and since then we it has also allowed us to continue to employ 3 members of staff, in advocacy and admin roles, to help with the work load and demand for the services from members.

This has allowed us to continue to achieve a wider range of services for our members and provide them with much-needed practical assistance in order that they continue to reside independently within their own homes. The Group's Advocacy Worker role, is in high demand for the service particularly in light of the benefit reforms taking place at the moment. This has proved to be a well utilised service and we are very pleased to be able to offer this exclusive service to our members.

Salaries and all other expenditure continue to be met from core funds. At present the annual expenditure for running the charity i.e. salaries, rent and general running costs is approximately £1000 per week. Although, this is now financed out of core funds, we feel it is important in order to carry out, as well as the services mentioned above, other vital functions within the group and its operations, especially allowing us to continue to be involved in various government enterprises organised by the Department for Work and Pensions, NICE, Social Work Department, local health authorities, various local and regional M.E. Support Groups and other voluntary agencies dealing with disability issues.

In previous years, we had been able to attend various meetings and be pro-active in delivering various presentations relating to the group's services to other M.E. support groups when needed, but during the pandemic, this has not been possible. In the past, attendance at such events provided the Group with an opportunity to have its articles published and promoted via their newsletters and websites. This had helped promote our services and allowed us to reach many more severely affected sufferers.

We have produced various documents and press releases in order to highlight the plight of the severely affected and to campaign for biomedical research to be undertaken by the UK Government as well as issues relating to carers. In addition, we have prepared reports and press releases outlining our concerns and the possible detrimental effects upon our clients in relation to the benefit reforms and various subjects.

### FUNDRAISING

We continue to send out funding appeals to various Trusts and charities around the UK, which provide us with small amounts of income.

This year, being our 27<sup>th</sup> year, as a support organisation, we will be having special fundraising We continue to look at ways to raise funds to support front line services. We were fortunate enough to have a large donation that was left to us via a member remembering us in their Will, so that will help our charity continue to provide services for its members and this past
