Chronic Fatigue Syndrome

-----

Carol Monaghan

To ask the Secretary of State for Health and Social Care, when his Department plans to publish the cross-Government delivery plan on ME/CFS for England.

Helen Whately

The Department plans to publish a draft delivery plan on ME/CFS shortly. We intend to seek views on the draft plan before publishing a final delivery plan at a later date.

Department of Health and Social Care

Named day questions only occur in the House of Commons. The MP tabling the question specifies the date on which they should receive an answer. MPs may not table more than five named day questions on a single day.

Chronic Fatigue Syndrome: Research  
-----

Dr Rupa Huq

To ask the Secretary of State for Health and Social Care, what assessment he has made of the potential merits of providing additional funding for research into treatments for myalgic encephalomyelitis.

Will Quince

[This answer is the replacement for a previous holding answer].

The Department has asked the UK Clinical Research Collaboration to convene a subgroup on myalgic encephalomyelitis/chronic fatigue syndrome (ME/CFS) with a range of stakeholders, including research funders, to ensure high quality applications for research into ME/CFS and support the research community to build capacity and capability.

On 12 May 2022, we announced the intention to develop a cross-Government Delivery Plan for ME/CFS in England. The delivery plan will build on the recommendations of the ME/CFS Priority Setting Partnership and the recently updated guideline from the National Institute for Health and Care Excellence to ensure that people living with ME/CFS have the appropriate support.
